Tuesday 12<sup>th</sup> January 2010

Although the Festival has been a tremendous success, finance continues to be a constant worry. Charities are prepared to subsidise us, but require us to raise half the cost ourselves. On the other hand it is impossible to go back to Parishes time and again when there are so many calls upon their already overstretched resources.

Some years we asked you all to hold a Bring and Buy sale, sending half the money raised to us, keeping half for your own Church. Over £1,000 was sent to subsidise Brea from this initiative.

During February 2010, we ask you to again hold a fund raising effort - Bring and Buy; Raffle; or whatever. Keep half the money raised for your own Church, and send us the other half for Brea.

If you need more information about this initiative, or about the Children's Festival, do not hesitate to contact me at the above address and number.

Many thanks for your help and support.

Yours sincerely

For the Committee
